**PERFORMANCE SOLUTIONS FOR THE
AUTOMOTIVE AFTERMARKET**

50 YEARS OF INNOVATION!

IPG VISION & MISSION

Our vision for the Automotive PBE Market is to be recognized as a leader in performance masking, surface protection and complementary products so that we uphold our customer commitment to deliver solutions that increase productivity, maintain product integrity, improve your image, contain cost and promote environmental stewardship.

American® brand products have long been trusted by professionals for their unsurpassed quality and performance. But we do not rely only on our history or reputation. Our mission is to build upon this proven performance and exceed the expectations of our customers in the automotive aftermarket.

HISTORY OF PERFORMANCE

For more than 50 years, the American® name has been recognized by customers in the automotive aftermarket for being a driving force in the design and delivery of innovative and high quality tape products that address the unique needs of this market. And, we have the distinct advantage of leveraging the extensive knowledge, technical expertise and full bundle of products available from IPG. The result is a comprehensive solution for the applications found in the automotive aftermarket.

A PASSION FOR INNOVATION

Much like our customers, we enjoy engineering new and better solutions! The market demands solutions to adapt to changing customer needs. That is why we focused on developing a full line of clean removal products that are compatible with a wide range of temperatures, the latest coatings and waterborne or solvent paints so you can optimize performance and minimize cost. So, for us, it is a little about inventing new chemistry but more importantly it's about creating a sustainable advantage for our business partners.

We invite you to learn more about our winning formula!

AUTOMOTIVE AFTERMARKET MASKING SOLUTIONS

OM

OM... SYNONYMOUS WITH OUTSTANDING MASKING PERFORMANCE!

American® brand Orange Mask™ (OM) is a high performance masking tape developed to provide superior adhesion, UV resistance and high conformability. OM unwinds and applies smoothly and removes cleanly to deliver clean crisp paint lines. The superior solution for all automotive refinishers.

PERFORMANCE ADVANTAGES

- Sharp color separation on curves or straight lines; resists bleed through
- Exceptional cornering; clean removal
- Smooth to touch – easy to work with
- High temperature resistance
- Holds masking paper or films
- Excellent adhesion to backing when layered
- Conformable with controlled unwind

PG

PG TAKES THE CHECKERED FLAG FOR OVERALL PERFORMANCE!

American® brand PG is a high quality masking tape with good quick stick and holding properties. Designed for paint masking that requires clean and easy removal from a variety of hot or cold surfaces. The state-of-the-art performance features make it a premium tape for automotive refinishing applications.

PERFORMANCE ADVANTAGES

- Fine crepe paper backing sets the standard, ensuring overall sharp paint lines
- High temperature resistance; UV resistant up to 3 days
- Clean removal; stain and transfer resistant
- Smooth to touch – easy to work with

AM

NEW SOLUTIONS... THAT'S THE AMERICAN WAY!

American® brand AquaMask™ (AM) is a cost-effective masking tape designed to perform in many demanding automotive refinishing applications. The rubber-based adhesive provides secure adhesion to both painted and bare metals and plastics, yet removes cleanly without adhesive residue, paint “flaking” from backside or surface staining.

PERFORMANCE ADVANTAGES

- UV resistant up to 3 days
- Resists paint flaking and wet sanding
- Clean removal

UG

UG... RELIABLE PERFORMANCE IN AN ECONOMICAL PACKAGE.

An economical yet very reliable masking tape to meet the needs of most collision repair and refinish shops. UG offers an excellent balance of quick stick, panel adhesion and holding properties. Under normal temperature conditions, UG is the tape of choice for fast, basic service, including wet-stripping.

PERFORMANCE ADVANTAGES

- Clean, easy removal
- Resists wet sanding
- Strong backing provides excellent break line

AUTOMOTIVE AFTERMARKET MASKING SOLUTIONS

GET FLAWLESS LINES EVERY TIME WITH AMERICAN® FINELINE TAPES!

American® brand fineline tapes offer superior conformability, secure laydown and consistently straight lines without excessive stretch. Both FM71 and FM35 feature a thermal PVC backing and rubber-based adhesive, and produce clean separation lines and no residue on de-mask. If you're looking for the perfect solution for your color break project, American® fineline tapes are the answer!

FM35 PERFORMANCE ADVANTAGES

- Perfect for high temp applications (up to 280°F/138°C)
- Waterproof and solvent resistant
- Clean cutting, recyclable core
- No residue on de-mask
- Repositionable; sharp, clean separation lines

FM71 PERFORMANCE ADVANTAGES

- Perfect for medium to high temp applications (up to 250°F/120°C for at least 30 min)
- No residue on de-mask
- Sharp, clean separation lines

THE PERFECT CHOICE FOR AUTO MOLDING PROTECTION!

American® brand TM27 TrimFast™ is specifically designed for flush mount and inset molding around windshields and other automotive glass. Perforated for easy cornering, and eliminates the need for dangerous knives or razor blades. TM27 ensures clean removal from finished paint work without slivering, saving time and money!

PERFORMANCE ADVANTAGES

- Easy to apply and removes cleanly
- Two plastic strips for easy handling
- No release liner for faster installation and less waste
- Pre-folded edge allows ease of removal
- Two sizes in one!

PREVENT OVERSPRAY WITH ANCHOR® BRAND HAND MASKING FILM!

IPG's Anchor® brand Hand Mask is a pre-folded high density polyethylene masking film designed for multiple transportation applications. The thick and durable 12 micron film is treated to resist overspray flaking during paint applications.

This special film is designed with a reinforced top edge formulated to prevent the underlying film from sticking.

PERFORMANCE ADVANTAGES

- Easy to work with
- Durable film resists tearing; requires less tape
- Film and tape are applied simultaneously
- Solvent resistant
- Clings to surface, preventing overspray
- Designed to work with multiple hand dispensers; compact size

MULTI-PURPOSE SOLUTIONS

MULTI-PURPOSE & UV MASKING TAPES

Intertape® brand masking tape is designed for superior performance in a variety of applications such as paint masking, holding, light-duty, splicing, bundling, packaging and many more. We also carry a variety of UV resistant masking tapes that will remove cleanly from surfaces from 8 all the way up to 30 days.

PG20 30-DAY UV RESISTANT PREMIUM PAPER MASKING TAPE

- Clean removal from a variety of surfaces
- Conformable & flexible
- Can be used in outdoor applications for periods up to 30 days depending on weather conditions and surface to which tape is applied

PT14 14-DAY UV RESISTANT SPECIALTY PAPER MASKING TAPE

- Smooth backing for superior paint lines
- Clean, easy removal even after exposure to sunlight for 14 days

PT8 8-DAY UV RESISTANT SPECIALTY PAPER MASKING TAPE

- Removes cleanly up to 8 days after application, even when exposed to direct sunlight and high humidity

PB1 WATER-RESISTANT SPECIALTY PAPER MASKING TAPE

- Moisture resistant black crepe tape
- Provides moderate UV resistance up to 24 hours
- Temperature resistant to 200°F (93°C)
- For sealing or protective covering

519 MEDIUM GRADE PAPER MASKING TAPE

- Adheres to many surfaces
- Clean removal at ambient temperature
- Capable of withstanding bake temperatures up to 180°F for 1 hour and UV light up to 5 hours
- Also good for light bundling, packaging, splicing and tabbing

DUCT TAPE

IPG offers a full range of cloth tape to satisfy even the most demanding requirements and industry standards. All IPG tapes are manufactured with high grade raw materials and held to the highest quality standards.

AC20 9MIL UTILITY DUCT TAPE

- Weather proofing
- General maintenance
- Binding and bundling

MULTI-PURPOSE SOLUTIONS

DOUBLE-COATED TAPE

Intertape® brand double-coated tape features an extremely aggressive tack. Ideal for many industrial uses such as mounting, adhering and bonding applications.

DCP20 8MIL UTILITY DOUBLE-COATED POLYESTER TAPE

- Mounting on multiple interior surfaces
- Excellent bond to many surfaces
- Mounting of various interior parts such as decorative trim

REINFORCED FILAMENT TAPE

Intertape® brand fiberglass and polyester reinforced filament tape delivers superior adhesion for a variety of light to medium load applications.

RG300 100# BOPP UTILITY FILAMENT TAPE

- Mold maintenance (securing film to molds)
- Packaging, palletizing and unitizing applications
- Resistant to filament delamination and separation
- Hand breakable; no knives needed

CARTON-SEALING TAPES

IPG offers a full line of carton sealing tapes with all four adhesive technologies: acrylic, hot melt, natural rubber and water-activated. As a leader in the pressure-sensitive and water-activated carton sealing tape markets, IPG combines years of experience as a prime manufacturer of superior quality tape to the industrial and consumer channels.

STRETCH FILM

SuperFLEX™ brand High Performance Films provide significant downgauging opportunities yielding as much as a 30% reduction in the amount of film needed to securely contain a load. In addition to providing a measurable cost savings, the reduction in film consumed means that SuperFLEX™ brand films are environmentally preferred over conventional films.

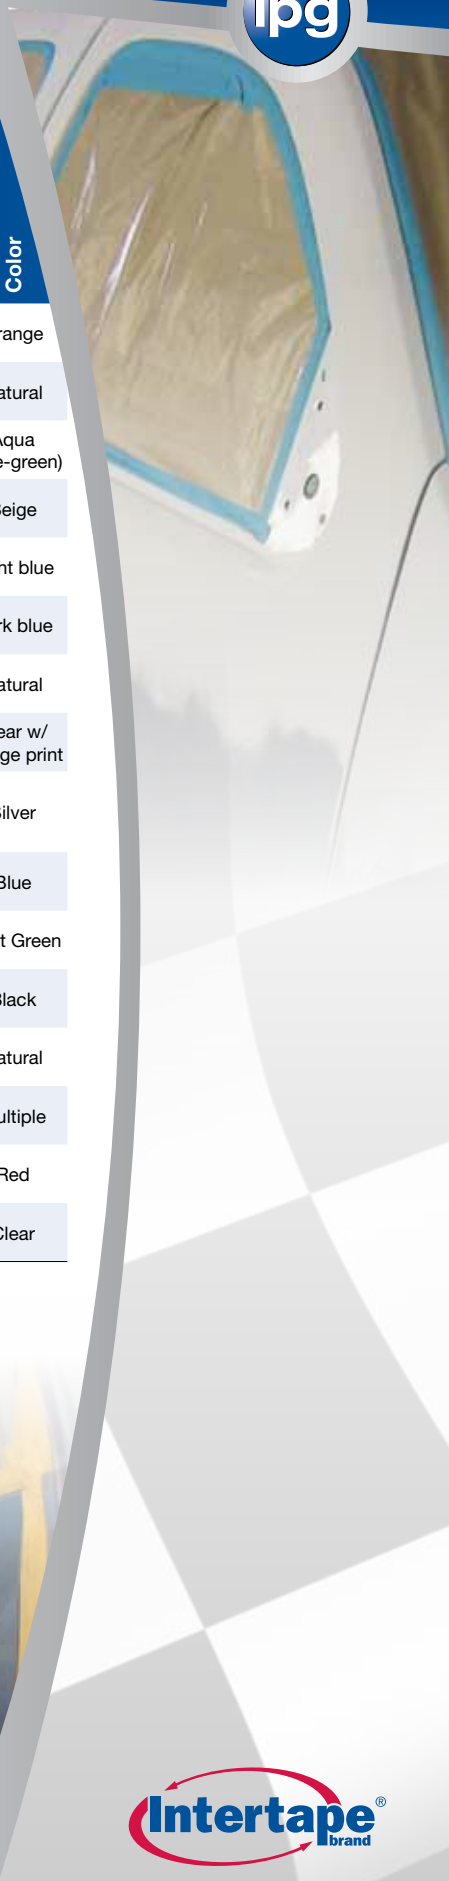

StretchFLEX® brand Stretch Wrap rounds out the IPG line of films and is designed to meet a variety of stretch wrapping needs.

PHYSICAL PROPERTIES

Product	Backing	Adhesive	Total thickness (mils)	Tensile strength (lb/in of width)	Adhesion to steel (oz/in of width)	Elongation (% at break)	Temperature resistance	Color
OM	Fine crepe paper	Natural rubber/resin	7.3 (0.185mm)	23 (101 N/25mm)	27 (7.4 N/25mm)	14	225°F (107°C) 30 min	Orange
PG	Fine crepe paper	Natural rubber/resin	7.3 (0.185mm)	26 (113.8 N/25mm)	28 (7.7 N/25mm)	10	225°F (107°C) 30 min	Natural
AM	Medium crepe paper	Natural rubber/resin	6.6 (0.17mm)	20 (87.5 N/25mm)	28 (7.6 N/25mm)	12	212°F (100°C) 30 min	Aqua (blue-green)
UG	Coarse crepe paper	Natural rubber/sythetic rubber/resin	6.0 (0.15mm)	19 (83.1 N/25mm)	34 (9.2 N/25mm)	11	175°F (80°C) 30 min	Beige
FM35	PVC	Rubber	5.4 (0.14mm)	15 (65.7 N/25mm)	29 (7.9 N/25mm)	110	280°F (138°C) (Operating)	Light blue
FM71	PVC	Rubber	5.4 (0.14mm)	14 (61.3 N/25mm)	23 (6.3 N/25mm)	150	250°F (120°C) 30 min	Dark blue
TM27	Crepe paper/PET film	Natural rubber/resin	7.6 (0.3mm)	-	30 (8.2 N/25mm)	-	225°F (107°C) 1 hour	Natural
HMF	Film: HDPE	-	0.47 mil (12 micron)	-	-	-	-	Clear w/ orange print
PG20	Aluminized black crepe paper	Natural rubber/resin	6.8 (0.173mm)	22 (96 N/25mm)	33 (9 N/25mm)	8	325°F (163°C)	Silver
PT14	Fine crepe paper	Synthetic rubber	5.5 (0.139mm)	23 (100 N/25mm)	26 (7 N/25mm)	11	-	Blue
PT8	Coarse crepe paper	Natural rubber/resin	5.6 (0.14mm)	18 (78.8 N/25mm)	22 (6 N/25mm)	11	-	Light Green
PB1	Medium crepe paper	Natural rubber/resin	5.7 (0.15mm)	25 (109.5 N/25mm)	30 (8.2 N/25mm)	8	200°F (93°C)	Black
519	Medium crepe paper	Natural/synthetic rubber	6.0 (0.15mm)	23 (101 N/25mm)	36 (9.8 N/25mm)	7	180°F (82°C) 30 min	Natural
AC20	Polyethylene coated cloth	Natural rubber	9.0 (0.23mm)	18 (29 N/25mm)	40 (11 N/25mm)	14	-	Multiple
DCP20	Polyester film	Solvent acrylic	8 (0.20mm)	12 (52.5 N/25mm)	66 (18 N/25mm)	180	-4°F to 356°F (-20°C to 180°C)	Red
RG300	BOPP	Synthetic rubber/resin	4.0 (0.102mm)	100 (438 N/25mm)	48 (13 N/25mm)	3	-	Clear

CORPORATE PROFILE

Intertape Polymer Group Inc. (IPG) is an acknowledged leader in the packaging industry. Leveraging its advanced manufacturing and technologies, extensive research and development capabilities and a comprehensive strategic acquisition program, the company believes it has assembled the broadest and deepest range of products in the industry. IPG is widely recognized for its development and manufacture of specialized polyolefin, plastic and paper-based packaging products, as well as complementary packaging systems for industrial and retail use. Additionally, IPG is a woven and flexible intermediate bulk container (FIBC) manufacturer. Its performance products, including tapes and cloths, are designed for demanding aerospace, automotive and industrial applications and are sold to a broad range of industry/specialty distributors, retail stores and large end-users in diverse industries.
