CARTON-SEALING TAPE
PRODUCT CATALOG

SURROUNDING CUSTOMERS WITH SOLUTIONS

Intertape Polymer Group™ (IPG) offers full line of pressure-sensitive carton-sealing tape with all three adhesive technologies: acrylic, hot melt and natural rubber. As a leader in the pressure-sensitive carton-sealing tape market, IPG combines years of experience as a prime manufacturer of superior quality tape to the industrial and consumer channels.

HOT MELT ADHESIVE

Intertape® brand Hot Melt Carton-Sealing Tape offers the widest range of application flexibility available. They offer excellent processing performance whether manually or automatically applied. Their superior adhesion properties, holding force, tensile strength and easy unwind ensure consistent, reliable seals to a variety of corrugated and linerboard boxes.

ACRYLIC ADHESIVE

Intertape® brand Acrylic Carton-Sealing Tape is best suited for reliable, all-temperature box sealing performance (less than 40°F and greater than 120°F) where resistance to aging, weathering, UV light and yellowing are important. They also provide excellent clarity, high shear strength to prevent “flagging”, superior quick stick performance and controlled unwind to facilitate dispensing on manual or automatic case sealing machines.

Physical Properties	ASTM Test Method	341	291	400	321	191	300	170	151	130WS

NATURAL RUBBER ADHESIVE

IPG's Central® brand Natural Rubber Carton-Sealing Tape has the most aggressive adhesive available. They offer fast, positive bonding on "problem" applications such as high recycled content cartons, rough or ultra-smooth cartons, heavy ink coverage, dusty and/or dirty environments, humid conditions and temperature extremes.

Physical Properties	ASTM Test Method	520	510	500	570	600PVC	530PVC

PRINTED CARTON-SEALING TAPE

Printed tape helps get the job done. When you have a message that must be noticed, use IPG's effective and cost-efficient printed tape with added instructions, advertising or identification. IPG offers a wide variety of custom printed and standard designs.

CARTON-SEALING SYSTEMS

HAND DISPENSERS

Exclusive to IPG, XTRAtape™ delivers 200m of quality tape in the same size roll as the traditional 100m product, saving on packaging material, roll changes and warehouse space while reducing shipping costs, maximizing productivity and improving your bottom line.

CASE SEALING MACHINERY

IPG is a major integrated provider of both pressure-sensitive tape and case sealing machinery. We are committed to providing timely system solutions and have a wide variety of standard case sealing machinery for quick delivery.

The modular design of each Interpack™ case taper combined with superior features and materials will provide flawless performance for many years to come. Standard machines are available in every drive style and can be outfitted with either 2" or 3" wide HSD 2000-ET II taping heads. Heavy duty, dual column construction, oversized gearmotors, and low maintenance are the hallmarks of the Interpack™ machinery line.

CORPORATE PROFILE

Intertape Polymer Group Inc. (IPG) is an acknowledged leader in the packaging industry. Leveraging its advanced manufacturing and technologies, extensive research and development capabilities and a comprehensive strategic acquisition program, the company believes it has assembled the broadest and deepest range of products in the industry. IPG is widely recognized for its development and manufacture of specialized polyolefin, plastic and paper-based packaging products, as well as complementary packaging systems for industrial and retail use. Additionally, IPG is a woven and flexible intermediate bulk container (FIBC) manufacturer. Its performance products, including tapes and cloths, are designed for demanding aerospace, automotive and industrial applications and are sold to a broad range of industry/specialty distributors, retail stores and large end-users in diverse industries.
