

CE-12P *Case Erector with Powered Hopper*

CE SERIES

Interpack's CE Series Vertical Format Case Erectors are operator free, automatic machines that will form a knocked down uniform sized case, fold the bottom 4 flaps and apply pressure sensitive carton sealing tape to the bottom of RSC or HSC style cases.

These value priced machines offer significant productivity gains over manual case erecting as well as addressing the effects of strain related illness or repetitive motion issues.

These vertical format case erectors offer an expanded range of case sizes versus horizontal format erectors. These compact footprints conserve floor space while improving productivity.

Powered Hopper

CE-12P FEATURES

- Processes up to 12 cases per minute
- Folds 4 bottom flaps pneumatically in the stationary position
- Rapid case size set up with no tools or change parts
- Standard casters, case on demand eye, low tape and no tape detection
- Analog counters simplify case size set up
- Powered hopper has 48" of capacity (approx 135-150 RSC cases)
- Up to 6 vacuum cups positively withdraw the case from the hopper
- Powered hopper lift
- Visual and audible alarms for case erect failure
- Spring loaded side belt drive propels the case through case taping

CE-12P SPECIFICATIONS

Model	Min Case (L x W x H)	Max Case (L x W x H)	Case Wt (Lbs)	Cases per Min	Electric	Pneumatic	Tape Width mm (inches)	Conveyor Height	Machine Wt (Lbs)	Machine Dimensions (L x W x H)
CE-12P	10 x 7 x 4	23 x 16 x 22	N/A	12	110v., 1ph., 60hz., 5A., (2x 1/4HP)	10cfm @90psi	36-48 (1.5" - 2")	25"	1,675	86" x 96" x 62"
CE-12P XL	14 x 12 x 12	28 x 22 x 25	N/A	10			48-72 (2" - 3")	28"	2,000	104" x 102" x 78"

STANDARD OPTIONS

Factory Installation

Special Electrics

3" HSD 2000 ET II
Tape Heads

Spare parts kits

FEATURES

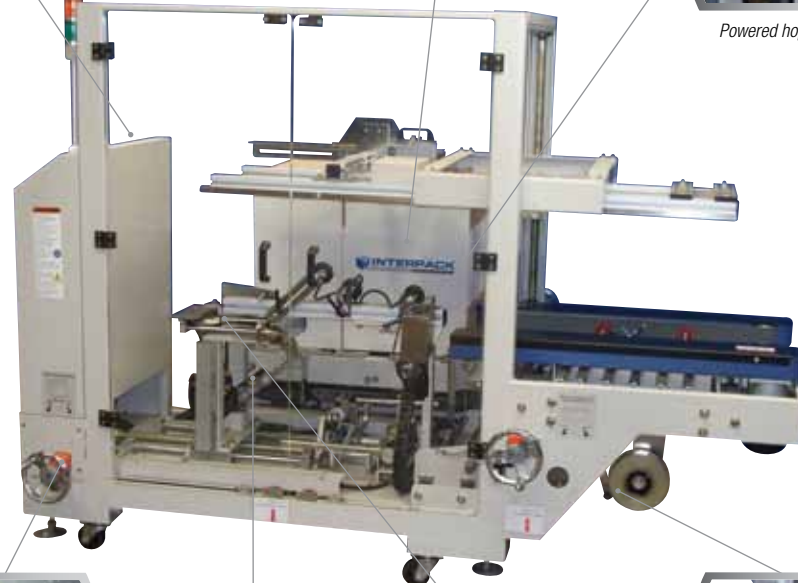

Automatic and Manual mode operation
with failure diagnostic LED

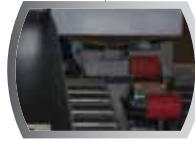

48" powered hopper holds
up to 150 cases

Powered hopper lift

Analog counters simplify
changeover

All 4 flaps folded
pneumatically

Pneumatic arm squares
cases before sealing

Low tape/no tape motion
sensors

Corporate Profile

Intertape Polymer Group Inc. (IPG) is an acknowledged leader in the packaging industry. Leveraging its advanced manufacturing technologies, extensive research and development capabilities and a comprehensive strategic acquisition program, the company believes it has assembled the broadest and deepest range of products in the industry.

IPG is widely recognized for its development and manufacture of specialized polyolefin, plastic and paper-based packaging products, as well as complementary packaging systems for industrial and retail use. Additionally, IPG is a woven and flexible intermediate bulk container (FIBC) manufacturer. Its performance products, including tapes and cloths, are designed for demanding aerospace, automotive and industrial applications and are sold to a broad range of industrial/specialty distributors, retail stores and large end-users in diverse industries.
